

RAGBench Enterprises - Code of Conduct & Remote Work Policy

This document defines the code of conduct and remote work policies that govern all employees of RAGBench Enterprises.

Section 1: Workplace Professionalism & Diversity

We are committed to maintaining a safe, respectful, and inclusive work environment. The company enforces a zero-tolerance policy for harassment, discrimination, or bullying of any kind, whether based on race, gender, religion, sexual orientation, age, or disability. Violations will result in immediate disciplinary action up to and including termination.

Section 2: Conflicts of Interest

Employees must avoid any interest, influence, or relationship that conflicts or appears to conflict with the best interests of RAGBench Enterprises. This includes accepting valuable gifts (over \$100 value) from clients/vendors, or engaging in external employment that competes directly with the company or interferes with the employee's regular duties.

Section 3: Data Security & Privacy

Protecting company and client data is a critical responsibility. All employees must follow password guidelines (minimum 12 characters, mixing letters, numbers, and symbols) and use Multi-Factor Authentication (MFA) on all business accounts. Business-related tasks should only be conducted on company-provided, secure laptops, which must be locked when unattended.

Section 4: Flexible Remote Work Policy

RAGBench Enterprises supports a hybrid and flexible work environment. Employees may work remotely up to 4 days per week, with Wednesday designated as the mandatory in-office collaboration day. Core working hours are 10:00 AM to 4:00 PM EST, during which all employees are expected to be online, responsive on Slack, and available for meetings. The company provides a remote work internet subsidy of \$40 per month, reimbursable through quarterly expenses.

Section 5: Equipment Usage & Return Policy

All hardware and software tools provided by the company remain company property. Laptops, monitors, and accessories are intended solely for professional business use. Upon termination of employment, all company-owned hardware must be returned to the office or shipped back using prepaid shipping labels within 5 business days.
