

RAGBench Enterprises - Employee Benefits & Perks Guide

Welcome to the RAGBench Enterprises Employee Benefits Guide. This document summarizes the benefits and perks available to full-time employees.

Section 1: Health, Dental, and Vision Insurance

We partner with Blue Cross to offer comprehensive health insurance coverage. The company covers 80% of the premium for employees and their dependents, while the remaining 20% is deducted pre-tax from the employee's salary. Dental coverage is provided through Delta Dental, and vision coverage is provided through VSP. Both dental and vision premiums are covered 100% by the company for the employee.

Section 2: 401(k) Retirement Savings Match

Employees are eligible to participate in the company 401(k) plan after completing 3 months of continuous employment. RAGBench Enterprises will match 100% of employee contributions up to a maximum of 4% of the employee's base salary. The matched contributions are subject to a 2-year vesting schedule, where 50% vests after 1 year, and 100% vests after 2 years.

Section 3: Health Savings Account (HSA)

For employees who enroll in our High Deductible Health Plan (HDHP), the company offers a Health Savings Account (HSA) option. The company will contribute \$500 annually for individual coverage and \$1,000 annually for family coverage, deposited in quarterly installments. Employees may also make pre-tax contributions up to the IRS legal limit.

Section 4: Gym & Wellness Reimbursement

To promote physical health, the company provides a wellness stipend of up to \$50 per month. This stipend can be used to reimburse gym memberships, fitness classes, yoga sessions, or health app subscriptions. Claims must be submitted via expense reports with receipts by the end of each calendar quarter.

Section 5: Tuition Assistance Program

RAGBench Enterprises supports the continuous professional development of our employees. We offer tuition assistance of up to \$5,250 per calendar year for approved, job-related courses, certifications, or degree programs. To qualify, the course must be pre-approved by the manager and HR, and the employee must achieve a grade of 'B' or higher (or 'Pass' in pass/fail courses) to receive reimbursement.
